

HYPO & EDH - TECHNICAL RIDER

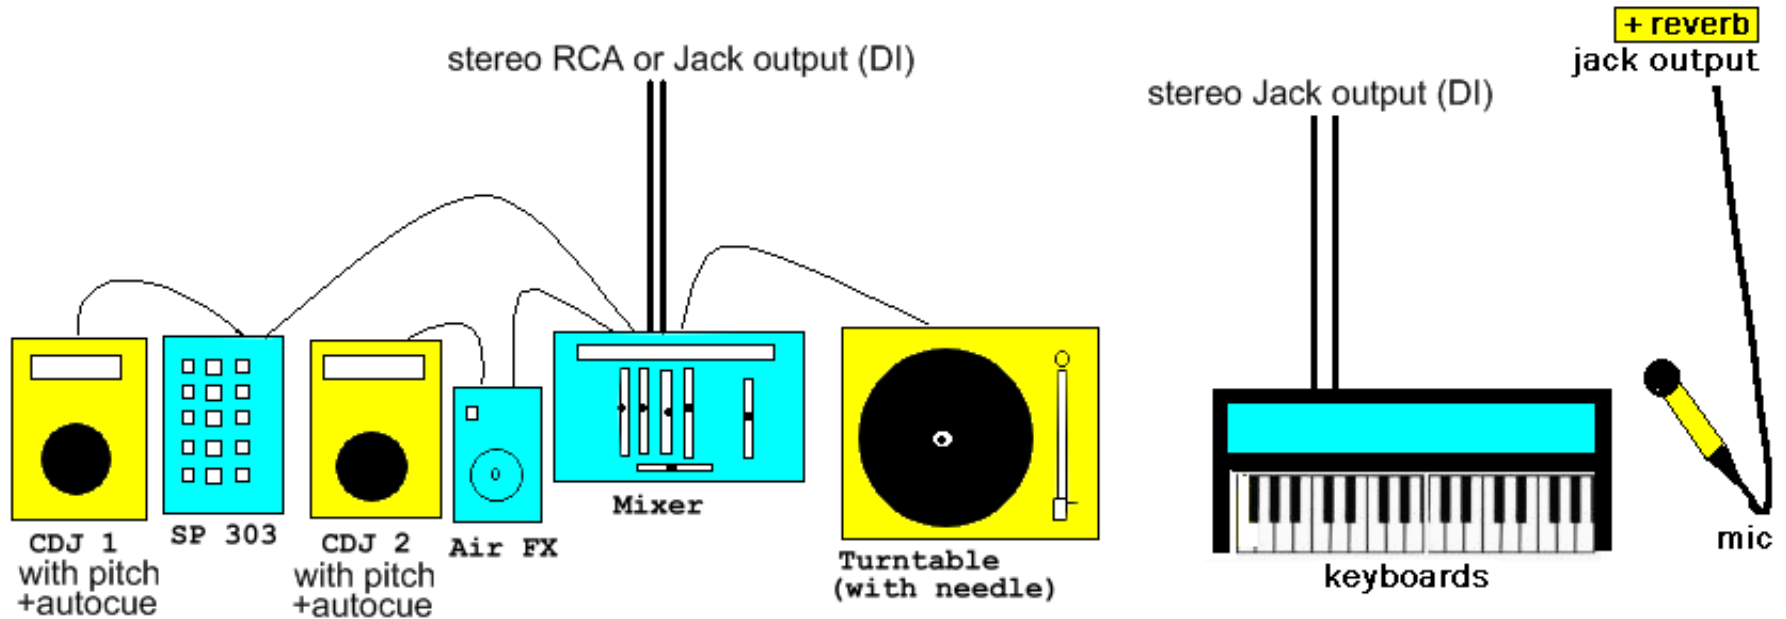

We perform as the Hypo & EDH duet.

We need **2 CDJs**, a **turntable (with needle)**, a **keyboard stand**, a **microphone and its stand**, a **high and large table**, the **maximum volume** and **2 monitor wedges**.

It is better if we don't share the CDJs and turntable with the DJ playing before or after us as we plug all these things in effects and samplers.

We need **2 stereo inputs (DI)** and one **microphone input** in the general mixer.

We don't bring videos and we don't want some. A lightshow is welcome. Thanks a lot!
